# What is French Blending?

French Blending is a softer approach to grey coverage, it is answering what women want: a dimensional, lowered maintenance color. The service aims to eliminate the harsh regrowth line for a graceful grow-out. It delivers the multidimensional color you want. Say bye to the "helmet effect" or "grey demarcation", the future of grey coverage has arrived.

# BRIGHTENING *Orange Zest* FACIAL

The Brightening Skin Ritual inspires the skin to organically lighten, preserve natural beauty and improve elasticity. Our Vitamin A Infusion improves collagen production and the orange zest provides firming qualities. The illuminating, results inspired treatment is suitable for all skin types, especially dull, sun-damaged skin.

# AFFIRM MD NECK & FACE LIFT

Is a targeted, high-performance serum designed to visibly lift, smooth, and refine the face, neck, and décolleté. This advanced blend delivers deep hydration and antioxidant protection to calm stressed skin while defending against environmental damage.

Powered by a synergistic complex of botanical extracts, it supports natural renewal, stimulates collagen production, and improves firmness and elasticity. With each treatment, skin appears smoother, more resilient, and visibly revitalized—delivering both immediate radiance and long-term structural support for healthier, more youthful-looking skin.

*A Friendly Reminder:*

**Please don't purchase your  
retail products from big box  
stores or Amazon**

Support the professionals who support you! Your stylist invests in education, training and experience to help you choose the right products and teach you how to use them. Retail sales are not just sales-they help support the professionals who serve you and allow our salon to continue investing in education, improvements, and the exceptional experience you expect.

THANK  
YOU

*for being a loyal client!*
